3ds Max MAXScript Essentials by Autodesk - Amazon.ae

ADD TO COLLECTION When 3ds Max first starts, MAXScript searches for any startup script files, which it then automatically loads and runs. This feature is useful if you have function libraries you always use and want preloaded, or if you want to establish custom UI settings, define scripted plug-ins, or load scripted utility rollouts.

Startup Script | 3ds Max 2020 | Autodesk Knowledge Network

MAXScript Listener > Debugger menu > Debugger Dialog The debugger dialog allows the main thread of 3ds Max to be suspended, the values of global and local variables to be examined and altered while the thread is not running, MAXScript commands to be executed from a command line, and the execution to be suspended using method calls from inside the MAXScript code.
