9780393051650: Einstein's Cosmos: How Albert Einstein's ...

How did Albert Einstein come up with the theories that changed the way we look at the world? By thinking in pictures. Michio Kaku leading theoretical physicist (a cofounder of string theory) and best-selling science storyteller shows how Einstein used seemingly simple images to lead a revolution in science. Daydreaming about racing a beam of light led to the special theory of relativity and ...
