The Online Books Page: Maintained by the University of Pennsylvania, this page lists over one million free books available for download in dozens of different formats.

Introduction To Airborne Radar 2nd

The 101st Airborne Division (Air Assault) ("Screaming Eagles") is a light infantry division of the United States Army that specializes in air assault operations. It can plan, coordinate, and execute multiple battalion-size air assault operations to seize terrain. These operations can be conducted by mobile teams covering large distances, fighting behind enemy lines, and working in austere ...

101st Airborne Division - Wikipedia

Lidar (/ ˈ l aɪ d ɑː r /, also LIDAR, or LiDAR; sometimes LADAR) is a method for determining ranges (variable distance) by targeting an object or a surface with a laser and measuring the time for the reflected light to return to the receiver. It can also be used to make digital 3-D representations of areas on the Earth's surface and ocean bottom by varying the wavelength of light.

Lidar - Wikipedia

The Airborne Collision Avoidance System II (ACAS II) was introduced in order to reduce the risk of mid-air collisions or near mid-air collisions between aircraft. It serves as a last-resort safety net irrespective of any separation standards. ACAS II is an aircraft system based on Secondary Surveillance Radar (SSR

Introduction to Mineral Exploration (Second Edition)

Ein Synthetic Aperture Radar (Abkürzung SAR, deutsch etwa „Radar mit synthetischer Apertur“) gehört zur Klasse der abbildenden Radare und wird als Sensor zur Fernerkundung genutzt. Es wird wie ein Side-Looking-Airborne-Radar aus Flugzeugen oder Satelliten eingesetzt und liefert wie diese eine zweidimensionale Darstellung eines Geländeausschnitts durch Abtastung der Erdoberfläche mit ...
