### Social Cohesion in the Western World | SpringerLink

Social cohesion is a topic of increasing importance in a rapidly globalizing world. The coherence of the social fabric has become a key policy goal around the globe – not only in the Western Hemisphere, but also in Asia. A new study based on the findings of the Bertelsmann Stiftung's "Social Cohesion Radar" compares, for the first time, social cohesion in Western and Asian societies.

### Comparing Social Cohesion in Western and Asian Societies

Data on social cohesion in Western countries stems from the Social Cohesion Radar project (Bertelsmann Stiftung 2013), conducted on behalf of Bertelsmann Stiftung by the authors of this article. This social reporting initiative compared 34 Western societies, among which the EU -27 and further seven OECD member states were included (see Table 1).

### Social Cohesion and Its Correlates: A Comparison of ...

Strategic objective. Social cohesion refers to the extent to which a society is coherent, united and functional, providing an environment in which its citizens can prosper. Social cohesion is deemed to be present when people live relatively peaceful and harmonious lives, and their basic needs are fully met. It also refers to society's capacity to cater for the development needs of all its members, and to ensure that everyone is treated equally.

### Increasing social cohesion - Western Cape

Researchers will seek to understand and respond to urban violence in the two cities by testing the hypothesis that social cohesion is a critical factor in understanding and preventing violence. Both Rio de Janeiro and Cape Town provide an ideal comparative framework for research.
