I think solar uses the same consumables as Century and is close to the same machine. I believe Solar made welders for Mac or Snap on around that time also. I ran into a few when i had a tool route and they seemed well built. Check with your local welding supply and maybe the current owner on availability of tips and such. Ask to use it before ...

Solar 2175 I have one, they are good machines. But Solar & Century welding machines are no longer being made. The companies were bought by Lincoln who discontinued making parts for them. They still make battery chargers. The internal parts are hard to come by. If it were me unless everything works good on it and you can get it for around 100 ...
