The Day of the Barbarians - The Battle that Led to the ...

The Day of the Barbarians: The Battle That Led to the Fall of the Roman Empire. by Alessandro Barbero. "The subject of this book is a battle that changed the course of world history It was not a famous fight like Waterloo or Stalingrad; in fact, most people have never heard of it. And yet some believe that it signified nothing less than the end of the ancient world and the beginning of the Middle Ages, because this battle set in motion the chain of events that would lead, nearly a century ...

Book Review: The Day of the Barbarians: The Battle That ...

A barbarian is a human who is perceived to be either uncivilized or primitive.The designation is usually applied as a generalization based on a popular stereotype; barbarians can be members of any nation judged by some to be less civilized or orderly (such as a tribal society) but may also be part of a certain "primitive" cultural group (such as nomads) or social class (such as bandits) both ...

Barbarian - Wikipedia

On the long hot summer afternoon of Aug. 9, 378, near Adrianople in the Roman province of Thrace, Gothic tribesmen — Germanic warriors from across the Danube — annihilated the field army of ...

The Day of the Barbarians - Alessandro Barbero - Books ...

The Day of the Barbarians is a very readable history of the battle of Adrianople, where a Roman army was annihilated and the emperor Valens was killed. The Fourth century has not been one of my favorite periods of Roman history but Alessandro Barbero makes the period interesting indeed.
